

Current situation

NT Airports is continuing to monitor the COVID-19 situation.

Our priority remains the wellbeing and safety of our staff, contractors, visitors and travellers, and we are taking all the necessary precautions to ensure our people are protected.

Latest advice

There have been 28 confirmed cases of COVID-19 in the Northern Territory. It has been 9 days since the last confirmed case in the Territory.

At this time, there is no community spread of this virus in the Northern Territory. While the situation is currently stable, it is important that we continue to follow the recommended advice to keep it this way and avoid becoming complacent.

Support for tenants

This is a difficult time for everyone and we understand the significant pressure many of our tenants are currently under.

On 7 April 2020, the Prime Minister announced a new mandatory code of conduct to support commercial tenants. The code applies to tenants who have experienced financial hardship as a result of COVID-19 and who are defined as SME tenants, including:

- tenants who have an annual turnover of less than \$50 million
- tenants that are eligible for the Commonwealth Government's JobKeeper program.

NT Airports is continuing to work through the details and will be contacting our tenants to discuss the recent government announcements and the available relief packages as soon as possible. We encourage all of our tenants to stay in touch with us during this period.
