

ARE YOU FLYING TO THE NORTHERN TERRITORY?

Here's what you need to know...

Before you fly, there are 3 things you need to do

- 1 Complete and print the online *NT border entry form*.
This can be found at: coronavirus.nt.gov.au
- 2 Check with your airline for any flight changes.
- 3 Bring the completed *NT border entry form*, your *photo ID* and a *pen* with you on the flight.

You will need to sign your form when you are in the NT and in front of an authorised officer.

When your plane lands in the Northern Territory, here's what will happen

- 1 Please remain seated, be patient and wait for instructions.
- 2 When disembarking, you will be asked if you have been in a COVID-19 hotspot.
- 3 You will then be directed to a check point for processing.

If you **have not** been in a COVID-19 hotspot, follow directions to a checkpoint, then sign and submit your *NT border entry form* and collect your bags. You're free to leave the airport.

Enjoy your stay!

If you **have** visited a COVID-19 hotspot, follow directions to a checkpoint, sign and submit your *NT border entry form*, then await further instructions from staff.

Remember to keep 1.5 metres from others and wear a mask, please.

Everyone who has been in a COVID-19 hotspot must undergo **14 days mandatory, supervised quarantine** in a government facility at their own expense.

If this applies to you, please follow the direction of staff to the baggage collection point. You will then be taken to a bus that will transport you to quarantine.

Please be patient, we're here to help. THANK YOU. We're all in this together.
